PROFESSIONAL SUMMARY

Senior Mobile Developer and certified Project Management Professional (PMP®) with 5+ years of experience architecting and delivering scalable, high-performance mobile and cross-platform applications with Flutter and Dart, complemented by Native iOS development and a solid modern web foundation. Proven record of partnering with enterprises, startups, and global clients to translate business objectives into robust technical solutions and clean, maintainable mobile architecture. Blend deep engineering expertise with structured project management across the full SDLC, spanning Agile, Scrum, sprint planning, stakeholder management, and risk mitigation, to lead teams and drive successful, on-time product delivery that creates measurable business value.
